# Introduction

TripleC, in collaboration with Sara Harkins, have been awarded funding by Screen Scotland to undertake a year-long programme which seeks to support deaf, disabled and/or neurodivergent (DDN) talent across Scotland.

Amongst our in-person and online events and other work, this programme is building an online talent directory to support the industry to find and hire Scotland-based DDN talent at all career levels.

This resource is free to access. It is a live document that will be added to as more DDN talent sign up.

If you would like to be included in this directory, please answer the questions on this [form](#).

Alternatively, you can email your answers to [triplecscotland@gmail.com](mailto:triplecscotland@gmail.com).
